

Office 365 for Your Business

“It’s the real deal, and it blows away Google Apps.”

- Edward F. Moltzen, CRN

Move to the cloud? If you’re like most small businesses then chances are you’ve struggled with this issue—and with good reason. After all, you’ve got a lot to think about. What is the cloud really going to cost? Will it enable your people to work how and where they want while keeping you in control? How do you know your data is secure? Don’t worry. We hear you.

That’s why we recommend Microsoft Office 365. Office 365 is a cloud-based service hosted by Microsoft that brings together familiar Microsoft Office desktop applications with business-class email, shared calendars, instant messaging (IM), video conferencing, and file sharing. With Office 365, you’ll receive secure, enterprise-grade tools for a predictable monthly cost and no upfront infrastructure investments. Get your work done faster from virtually anywhere, working with the Office you already know!

Anywhere access

Stay connected on the go

- Use Office across your devices—PC, Mac, tablet, smartphone
- Sign into Office to access the latest version of your documents and personal settings
- Sync files to your devices using OneDrive Pro for offline access and automatic re-syncing and backup
- When away from your devices, sign into Office using a browser and quickly stream an Office application to a PC for full-experience viewing and editing

Look professional

Make the best impression

- Conduct effective online meetings with multi-party HD video conferencing, screen sharing, and real-time note-taking
- Collaborate with your team on projects and documents using Team Sites to
- Create a mailbox within a site to access team communications and documents directly from Microsoft Outlook
- Share documents from OneDrive Pro or SharePoint team sites with controlled access

No IT required

Manage without an IT staff
